DEFINITIONS

UNDERGRADUATE STUDENTS

Class level -- Based on the total number of units completed by the student. In Fall 1977, modifications in the number of completed units used to define freshman, sophomore, and junior classes result in a class level distribution different from that in preceding years.

Special -- Those of mature years who have not had the opportunity to complete a satisfactory high school program and who have not completed a substantial amount of college work and who by reason of special attainments may be prepared to undertake certain courses in the University toward a definite and limited objective.

Limited -- Those who hold a bachelor's degree but are not candidates for an advanced degree or those who do not hold a bachelor's degree but have completed a substantial amount of college work and who, by reason of special attainments, may be prepared to undertake certain courses in the University toward a definite and limited objective.

GRADUATE STUDENTS

Professional -- Those who are currently working toward a first professional degree (Juris Doctor, Master of Library Science, Master of Social Welfare, or Doctor of Optometry), or a certificate.

Master's -- Those who are currently working toward a master's degree (excluding first professional master's degrees).

Beginning Doctoral -- Those who are working toward the doctoral degree but have completed less than 36 quarter units at Berkeley in graduate status, do not have a master's degree, and have not been advanced to candidacy.

Advanced Doctoral -- Those who are working toward the doctoral degree and have completed 36 or more quarter units at Berkeley in graduate status, and/or have a master's degree, and/or have been advanced to candidacy.

NEW STUDENTS

Undergraduate -- Those who have never previously enrolled in a regular session (summer session excluded) at Berkeley.

Graduate -- Those who have never previously enrolled in a regular session (summer session excluded) in graduate status at Berkeley.

CONTINUING STUDENTS

A continuing student must be in attendance during the three regular quarters (Fall, Winter, and Spring). A student who misses any of these quarters must apply for readmission upon return. Attendance during the summer is not required for continuing status.

RETURNING STUDENTS

A returning student is any student who is returning after an absence during one or more of the three regular quarters (Fall, Winter, or Spring).

FULL-TIME STUDENTS

Undergraduate -- Those who carry 12 or more units in a given quarter.

Graduate -- Those who are progressing toward their degree/certificate objective at a rate which is 75% or more of a normal full-time rate as determined on an individual basis by their graduate advisers.

PART-TIME STUDENTS

Undergraduate -- Those who carry fewer than 12 units in a quarter.

Graduate -- Those who are progressing toward their degree/certificate objective at a rate which is less than 75% of a normal full-time rate as determined on an individual basis by their graduate adviser.

HOME LOCALITY

Permanent home address stated by the student at the time of admission.

NOTE:

The School of Law is operating on a semester system rather than a quarter system. All data in this report include Law Students.

Data in this report include the Extended University.

Data in this report for the Academic Year 1976-77 and for Fall 1977 are based on the number of students registered as of the end of the third week of classes for each quarter.
